INDIVIDUAL ASSIGNMENT

PERSONAL PORTFOLIO WEBSITE WITH DATABASE (PHP + SQL)

DTD3033: DATABASE DRIVEN WEB PROGRAMMING

PENGENALAN / *INTRODUCTION*

Dalam tugasan individu ini, setiap pelajar perlu membangunkan sebuah **Laman Web Portfolio Peribadi** yang profesional dan interaktif. Portfolio ini mesti mengandungi frontend **(HTML, CSS, JavaScript, Bootstrap)** serta backend yang dibangunkan menggunakan **PHP dan MySQL/SQL**. Pelajar juga wajib **menghubungkan laman web kepada pangkalan data** bagi membolehkan data ditambah, dipapar, diubah dan dipadam (CRUD).

*(In this individual assignment, each student must develop a professional and interactive **Personal Portfolio Website**. The portfolio must include frontend components (HTML, CSS, JavaScript, Bootstrap) and backend developed using **PHP and MySQL/SQL**. Students are **required to connect the website to a database** to enable adding, displaying, editing, and deleting data (CRUD)).*

KEPERLUAN TUGASAN / ASSIGNMENT REQUIREMENTS

Setiap portfolio WAJIB mempunyai seksyen berikut:
(Every portfolio MUST have the following sections:)

HOME PAGE (WAJIB / REQUIRED – Read and Update)

- Nama penuh / Full name
- Gambar profil / Profile picture

- Tagline profesional / Professional tagline
- Pengenalan diri / Brief introduction

ABOUT ME PAGE (WAJIB / REQUIRED - Read and Update)

- Biodata ringkas / *Basic biodata*
- Kemahiran / *Skills*
- Pendidikan / *Education*
- Matlamat kerjaya / *Career goals*

PORTFOLIO PAGE (DATABASE + CRUD WAJIB)

Halaman ini **mesti disambungkan kepada pangkalan data** dan mempunyai fungsi:
*This page **must be connected to a database** and have the following functions:*

- Tambah portfolio/ *Add portfolio*
- Papar senarai portfolio / *Display list of portfolio*
- Kemas kini portfolio / *Update portfolio*
- Padam portfolio / *Delete portfolio*

Maklumat portfolio / P*ortfolio details*:

- Tajuk portfolio / *Title portfolio*
- Penerangan / *Description*
- Gambar / *Image*

RESUME PAGE (WAJIB / REQUIRED)

- Matlamat kerjaya / Career goals
- Pendidikan / Education
- Kemahiran / *Skills*
- Pengalaman / *Experience*

CONTACT PAGE (DATABASE WAJIB)

Borang Contact mesti menghantar data ke database.
The contact form must store submitted data into the database.

Data disimpan / Data stored:

- Nama / Name
- Email
- Mesej / Message
- Tarikh & masa / Timestamp

BAHASA PENGATURCARAAN DIGUNAKAN/ REQUIRED PROGRAMMING LANGUASES

- HTML5
- CSS3
- JavaScript
- PHP
- MySQL

PENGHANTARAN / SUBMISSION

1. Sila baca **ARAHAN** dengan teliti.

   *(Please read the **INSTRUCTION** carefully.)*

2. Sila pastikan semua fail anda harus "disimpan" dalam folder dengan nama **Asisignment1**.

   *(Please ensure that all your files should be "saved" in folder name **Asisignment1**)*

3. Anda dikehendaki memuat naik semua fail dalam folder **Asisignment1** anda ke dalam Web Hosting Server masing-masing yang telah disediakan dan menghantar pautan anda melalui Pentaksiran_Amali dalam platform MyGuru masing-masing. Contoh pautan anda adalah seperti berikut **http://NoMatrik.schtg.com/Asisignment1/** Sila semak ejaan anda.

   *(You are required to upload your **Group_Project** folder in your Web Hosting Server and submit your link via Pentaksiran_Amali in your respective MyGuru platform. Example of your link should be **http://NoMatrik.schtg.com/Asisignment1**/ Please check your spelling.)*

4. Anda dikehendaki menyediakan satu laporan yang mengandung skrin bagi setiap page website yang telah dibina dan menyimpan (save as) dengan **nombor matrik** anda dalam format fail pdf. Laporan tersebut perlu di upload melalui Asisignment1dalam platform MyGuru masing-masing. Contoh nama fail **D123456.pdf**.

   *(You are required to prepare a report containing a screen for each website page that has been built and save it (save as) with your **matric number** in pdf file format. The report must be uploaded via Asisignment1 in your respective MyGuru platform. Example file name **D123456.pdf**.)*

5. Waktu penghantaran akan dipantau melalui timestamp penghantaran dalam platform MyGuru masing-masing.

   (The submission time will be monitored through timestamp submission via your respective MyGuru platform.)

RUBRIK PENILAIAN (30 MARKAH) / *ASSESSMENT RUBRIC (30 MARKS)*

A. STRUKTUR & KANDUNGAN PORTFOLIO / *PORTFOLIO STRUCTURE & CONTENT* — 5 MARKAH / *MARKS*

Markah	BM	BI
0–1	Tidak lengkap; banyak seksyen wajib tiada.	*Incomplete; many required sections missing.*
2–3	Lengkap tetapi kurang terperinci / tidak konsisten.	*Complete but lacks detail or consistency.*
4–5	Sangat lengkap, profesional, tersusun sangat baik.	*Fully complete, professional, very well structured.*

B. REKA BENTUK UI/UX / *UI/UX DESIGN* — 5 MARKAH / *MARKS*

Markah	BM	BI
0–1	Reka bentuk lemah; tidak responsif.	*Poor design; not responsive.*
2–3	Reka bentuk sederhana, navigasi baik.	*Moderate design, acceptable navigation.*
4–5	Sangat profesional, konsisten, responsif, moden.	*Highly professional, consistent, responsive, modern.*

C. INTEGRASI DATABASE (PHP + SQL) / *DATABASE INTEGRATION (PHP + SQL)* — 10 MARKAH / *MARKS*

Markah	BM	BI
0–3	Tiada sambungan database / ralat kritikal.	*No database connection / critical errors.*
4–7	Sambungan asas; sebahagian data berfungsi.	*Basic connection; partial data functioning.*
8–10	Integrasi penuh, stabil, paparan dinamik lengkap.	*Full integration, stable, complete dynamic display.*

D. FUNGSI CRUD / *CRUD FUNCTIONALITY* — 10 MARKAH / *MARKS*

Markah	BM	EN
0–3	CRUD tidak lengkap / banyak ralat.	CRUD incomplete / many errors.
4–7	CRUD wujud tetapi tidak stabil / tidak kemas.	CRUD functional but unstable / poorly executed.
8–10	CRUD lengkap (Create, Read, Update, Delete), stabil, dan kemas.	Full CRUD (Create, Read, Update, Delete), stable, and polished.

JUMLAH KESELURUHAN / TOTAL: 30 MARKAH / 30 MARKS
